

DEANS READY FOR TOWNIES

DEBATERS TO BE REWARDED BY STUDENTS

Friend Peace Club Is Recognized By A. S. U. H.

HOLD MARATHON

Editors of "Ka Leo" Approved By A. S. U. H.

Several important items pertaining to undergraduate activities of the University were discussed and acted upon at the A.S.U.H. meeting held on Wednesday afternoon in Hawaii Hall. The session was presided over by Percy Lydgate, president of the student body organization.

NEW CLUB RECOGNIZED

A petition signed by the required number of bona fide students, requesting recognition by the A.S.U.H. of a club made up of those students of Japanese ancestry, who are winners of the Friend Peace Scholarship was presented before the assembly and favorably acted upon. The purpose of the new organization is to promote friendship among the students and people of the United States and Japan, and membership in it is strictly limited to undergraduates now matriculated at the University.

AWARDS TO BE GIVEN

Students participating in inter-collegiate debates will be given some form of award. This matter which was brought to the attention of the student body by a petition drafted by members of the Hawaii-Union under the chairmanship of Joseph Gerdes, was voted upon and passed at the meeting. The nature of the award was not stipulated in the petition, which leaves the selection of the prize to the A.S.U.H.

APPOINTMENTS RATIFIED

At the same time the members of the student organization were asked to ratify the appointment of Mitsu Kido and Kam Tai Lee as editor-in-chief and managing editor of Ka Leo by the executive committee sometime last month. There was no opposition to the action taken by the committee and the two appointees will

\$250 Awarded To Further Study in X-Ray at the "U"

Dr. Paul Kirkpatrick, Professor of Physics at the University, has received word from the Rumford Foundation of Massachusetts, that his department has been honored with a donation of \$250 which is to be used by the University in research work relating to studies in x-ray. It is expected that the money will be used in buying equipment for the physics laboratory.

The Rumford Foundation is named after Count Rumford, an American physicist of the 19th century who received a title of nobility at his birth from the German government. It makes yearly donations of money to various individuals throughout the country engaged in researches pertaining to the subject of light and other allied fields in physics. It is believed that the money used by the foundation was not provided for by Count Rumford but that it came from people who wished to honor the memory of this eminent physicist.

We are entering the greatest battle of the season when we meet the Town Team on Armistice Day. The team has worked hard to be in tiptop shape for the game. "Aggressiveness" will be the battle word of the Varsity. Realizing the strength and power of our opponents, we know that through sheer aggressiveness on the part of the team and a continued aggressive support from the student body rooting section, the University of Hawaii is bound to win this game and also the championship for 1927.

WILLIAM "SONNY" KAEO, Captain.

Great Hopes Seen By Ford

Pan-Pacific Students' Conference May Be Sponsored

Alexander Hume Ford, director of the Pan-Pacific Union, lauded the formation of the University of Hawaii Cosmopolitan Club in his impressive address given at the meeting of the club last Tuesday night at the Cafeteria. Mr. Ford urged a vigorous campaign for the purpose of securing as many different students as possible.

The nature of this club will be cosmopolitan; that is, representatives of several racial backgrounds will meet as a group to study their cultures and to mold the opinion of the Pacific in their regard. It is to be a purely Pan-Pacific Students' Union, subordinate to the Pan-Pacific Union. Mr. Ford has been associated with the Union for more than 20 years

Chorus Begins 1927 Season

The University chorus opened its 1928 season on Wednesday evening, November 2, under the able direction of Professor Paul Kirkpatrick, who will be assisted by Mrs. Kirkpatrick at the piano. Thirty students who had signed up for the chorus were present, and work was begun immediately.

As there are a number of people in the chorus who are unable to read notes, Dr. Kirkpatrick feels it advisable to have group practices. Basses will practice on Mondays at one o'clock, altos, tenors, and sopranos on Tuesdays, Wednesdays, and Thursdays respectively, at the same hour.

HENRY BINDT MAKES GOOD IN INSURANCE

Was the First Editor of Ka Leo O Hawaii

IS NOW ENGAGED

Though Blind He Was a Bright Student While Here

Henry Bindt, a former student at the University and the first editor of Ka Leo has added another item to his long string of achievements. Blind student extraordinary, he entered into the insurance business after spending some years at the University of California law school. The story of his success in this venture appeared in a recent issue of the Honolulu Advertiser, which also contained news of his engagement to Miss Margaret Wilkinson of Berkeley.

Describing the initial months in the insurance game as being a bit difficult, Bindt goes on to say that he has in the last few months sold life insurance amounting to \$111,700 and written policies worth \$32,000 as a salesman of the New York Life Insurance Co.

MAY COME HOME

Bindt is planning to make a trip to the Islands sometime in the near future when he will be accompanied by his bride. At present he is engaged in the insurance business and also matriculated in the University of California where he is taking a course in insurance.

While a student at the University, he participated in many phases of student activities. In scholarship he ranked among the highest in his class which honored him with the presidency during his senior year. He is also remembered for his ability to go about the campus and the streets of Honolulu without the aid of walking sticks or individuals.

Students Boost School Spirit

Three enterprising students of the University, Elmer "Popoki" Harpham, R. Castendyk and Earl "Kojac" Baker, have recently embarked in a business venture, which in their opinion, will be of much help in promoting more school spirit among the members of the student body.

The entire stock in trade of these campus merchants consists of fancy paper football "stickers" that are to be pasted on automobile windshields, books, shirts, trousers and what not, the possession of said articles being "prima facie" evidence of the fact that the owner is a 100 per cent booster of the Dean football team.

IS MINIATURE PENNANT

The commodity in question is a miniature triangular pennant, about six inches in length and approximately three inches across at its base. The University seal appears on the left side in a green field, encircled by the letters, "Fighting Deans." The initials, U. H. in green are printed on a white field to the right of the seal.

NON-PROFITEERING

One of the members of this campus "corporation" declared that they were not selling "stickers" with the view of realizing any pecuniary gains, but that their actions were motivated solely by a desire on their part to help instill a greater degree of school spirit among the students.

The sum of five cents is charged for one of these "stickers."

Notice

Classes will not meet at 8:30 and 9:30 Saturday. All students are asked to see the team off. Classes begin at 10:30.

The Occidental record so far this season rates high. It is, according to our files, as follows:

- Oxy 40—Santa Barbara State 0
- Oxy 14—Arizona 14 (tie)
- Oxy 0—U. C. at L. A. 8
- Oxy 32—Redlands 0
- Oxy 25—Caltech 2

Courtesy Advertiser

The team is going against the best and most powerful Town Team that has been ever organized. They have drive, speed, cleverness and every quality that goes to make up a formidable football team. They have had exceptionally good coaching and they will be at their best on Armistice Day. They have more experienced players and more substitutes than we have. Our chance of playing against them lies in the fact that our boys have a school behind them to play for. If our fellows are inspired enough and have stamina enough to play at top speed for 60 minutes, and if we have plenty of luck, we have a faint ray of hope.

OTTO KLUM, Coach.

Big Pep Rally For Tonight

Good Program Will Be Given By Students

By FRED STOCKS

Sock the Town team? Ruin Scotty's machine? Down the Townies? Yea Bo, that's what we ain't going to do nothing else but! Tonight's the big night, the eve of our big fight, the night before the day when Proc's Rainbow Warriors are going to do everything to the Townies but scatter daisies upon the newly filled graves. It will also be a semi-final send-off to the team that is leaving for the coast the day after the game, to defeat for the third consecutive time our traditional enemies, the Occidental aggregation. The final send-off will be held on the pier on Saturday when the Team pulls out of the harbor on the Calawau.

But to return to our rally. Everybody and his dog will be there—Proc number two has promised to round up all his friends and get 'em here if he has to break into the Humane Society kennels. "Casey" Leebriek, the University's staunchest backer, who is shortly leaving for the coast for about nine months, has consented to give a talk. "Gloomy" Klum will then deliver his customary sob story about how badly the team is going to be beaten unless the bleachers respond during the game with more cheering than they have ever given before.

The next hot air event on the program will be some songs by the Uni-

(Continued on Page 4)

Dean Keller Ill

Owing to erysipelas of his foot, Dean Arthur R. Keller, acting president of the University in the absence of D. L. Crawford, has been unable to attend to his duties at the University since the middle of last week. According to the last reports on Tuesday, his condition was improved, but he was not yet able to use his foot.

Dean Keller has been keeping in touch with the University through Mrs. Keller, who has been acting as messenger for the president's office.

Coach Klum Completes Preparations For Big Armistice Day Battle

Varsity To Leave For Mainland To Play Occidental

Once more Coach Klum leads his Rainbow Warriors on their regular excursion into the wilds of Southern California to twist the Oxy Tiger's tail. Whether the Deans succeed or not is problematical, but they seem to have just as good a chance this year as any other; and Hawaii has always triumphed in the past.

The squad, 25 in number, will sail on the S. S. Calawau at 10 o'clock Saturday morning. A University Aloha Committee will be on hand and the Dean band will furnish music for the occasion. All U. H. students are asked to be at hand and send the squad off in the appropriate collegiate manner.

TO SEE OXY-POMONA TUSSLE

Upon arrival at Wilmington on Saturday, November 19, the Rainbow Varsity will embark immediately for Claremont in Grayline Parlor Car Busses. At Claremont, about 50 miles from Los Angeles, the Deans will watch the Occidental Varsity in action when the Tigers tangle with the Pomona Sagehens on the latter's field. That evening the Hawaii team will motor to Pasadena, where they will stay at the magnificent Huntington Hotel.

WORKOUT IN ROSE BOWL

The famous Pasadena Rose Bowl is in close proximity to the hotel and Klum plans to hold all workouts in this Stadium. It is a classy field and the scene of the annual East-West classes between the ranking college teams of the country. The Deans will have four days in which to accustom themselves and to round into shape. Hawaii is scheduled to put on the Tiger tail-twisting act in the Coliseum, Thanksgiving Day.

OCCIDENTAL UNKNOWN QUANTITY

Little is known about Occidental except that they have a number of regulars from last year's Southern Conference Championship team forming the nucleus of this season's husky aggregation. Ward Schweitzer, 170 pound back, does much of the passing and all of the punting for the Tigers. His reputation as a punter is well known in Southern California, and some of his lengthy boots have often travelled over 60 yards.

"Rats" Brobst is the running mate of Schweitzer and a mighty good football player to boot. His specialty seems to be the off-tackle smash. The big responsibility, however, which this frisky Tiger has is the running of the team as quarter back. Brobst has played football for the past three years on Oxy teams.

Fusco at full and Howe at half complete the secondary quartet. The former is another three year man. Rozelle, a first string half will also probably get into the Hawaii clash.

Japanese Women To Be Hostesses At Adelphai Party

Japanese women students will be hostesses at the Adelphai party Saturday, November 19 from three to five o'clock in the garden of the Honolulu Academy of Arts.

The entire party will be carried out according to the customs of Japan, and if present indications of the plans being made are considered will be both interesting and enjoyable. The program includes musical numbers, dances, and a costume revue. The hostesses will be in native costume and in serving will show the tea ceremony of Japan.

Miss Gertrude Kadota is chairman of the Japanese group and the other committee chairmen appointed by her are the Misses Yoshiko Ikeda, Chiyoko Sadayasu, Yoshino Nagai Asako Kutsunai, Kimiko Kawasaki and Ruth Komuro.

Schuman Aggregation Heavier Than Varsity

TITLE AT STAKE

Hawaii Seeks Revenge After Defeat Last Season

By Don McKenney

Can the Rainbow squad, with eleven tearing, scrapping, fighting Deans and with about 200 per cent fight beat a heavy, experienced, and versatile Town Team which for the last two years has swept all opposition into the dust, including the University, and so far this season has pitifully slaughtered all opponents?

Hawaii has the coach, the material, and the student body to turn out a winning team, but has the squad and the rooters behind it got enough of that old fight to carry on and play far over their heads when they need to do it most? If the Rainbow Warriors can out-rush and out-scrap the big Townies, Hawaii can earn nothing less than a victory on Armistice Day at the Stadium.

RALLY TONIGHT

Our rally tonight will show everyone how solidly the students stand behind their team, and the statements of Captain Sonny Kaeo and Coach Klum show the students how the team stands behind the school. If, after this demonstration, Hawaii doesn't go out and battle the cocky Townies off their collective feet, it will be a pity and a crime in the face of Joab!

TOWNIES STRONG

Discussion as to the relative strength of the two teams reveals a decided advantage on the Townie side of the ledger. Their collection of stars has never been rivaled in all the annals of Hawaiian football. Take down these names and place them in your bonnet. Riddle, Davidson, Clarke, Kaakua, Searle, Borges, Camacho, Whittle, McRae, Wright, Cummings, Black, and Spencer are a few who compose a partial list of Scotty Schuman's cohorts. Among this roster are found some of the

(Continued on Page 4)

Wakayama Heads New Frosh Club; Bailey Is Advisor

Jack Wakayama was elected president of the Freshmen Forensic Forum at a meeting held by the organization last Monday noon. Jack Wakayama was one of McKinley high school's active debaters while he was there. He was two years captain and three years member of the debating team that held the championship for three years in inter-class debates.

The aim of the new organization which has lately made its appearance on the campus is "to promote interest in public affairs and to provide training for intelligent citizenship through the discussion of vital current issues, local, national, and international" among the male students of the Freshman class.

WILL GO IN FOR DEBATES

Later during the year, when the interclass debates start, debaters from the Freshman class will be recruited from the Forum. There are many good orators in this club.

"As soon as we get well started we will accept the challenge of any organization on the campus to a debate," said Jack Wakayama in an interview.

BAILEY IS ADVISOR

Dr. Thomas Bailey, professor in political science and history, has been chosen as coach and advisor of the Frosh Forensic Forum. The officers of the organization are: Jack Wakayama, president; Saigo, vice-president; Nukaga, secretary-treasurer.

To The Team

On the eve of a great game in which the title is at stake, the eyes of every student are focussed upon you. Each is cognizant of the fact that tomorrow you will undergo the crucial test of the season; that you have eagerly looked forward to this moment when you will be given an opportunity of settling a score with one of the most powerful football organizations in the territory; that when the last gun barks in the Stadium on Armistice Day, a champion will be crowned—and each in his heart hopes that the laurels of a well earned victory will be yours.

The dictates of fate are uncertain. One cannot brush aside the film that shuts the future from mankind and foretell the channels toward which events will run. Nobody can prophesy the outcome of tomorrow's game. There are those so rash as to predict a triumph for one side or the other before the opening whistle has sounded. But theirs is mere speculation, based upon the workings of chance with all the uncertainties and miscalculations that go with a practice fundamentally unsound. YOU HAVE JUST AS MUCH AN OPPORTUNITY OF WINNING AS YOUR OPPONENT.

It is our fondest hope that Hawaii's Rainbow Warriors will win tomorrow. However, victory alone does not mean all. If when the tide seems to be against you, when the tackling gets harder, when in the heat of conflict, temptations suggesting the use of tactics that cannot be said to be aboveboard, arise, you can conduct yourselves on the field in a manner befitting true sportsmen, you will be worthy representatives of the University.

To those of you who will be in the line-up here on Armistice Day, and to those who will be called upon to uphold the honor of the Alma Mater away from home, we make this one request—play hard, play fast, and play clean. Your University is back of you.

Armistice Day

Nine years ago the world rejoiced to witness the termination of the most disastrous war in the history of mankind. We rejoiced despite our staggering debts, sufferings, and sorrows, because we believed that the sacrifice of blood and money had not been in vain, that the war was fought to end war.

With heavy heart but with grim determination the world once more undertook the tedious and peaceful task of reconstruction. Millions of soldiers were disbanded and the energy of the nations was once more directed towards constructive work.

But today, nine years after the armistice, when scarcely the horrors of war have decreased in vividness, we realize that our hopes are not being fulfilled. Mistrust, hatred and strife still occupy the dominant role in international relations. The wounds of the war have not yet healed and the animosities, engendered by it, have not subsided. Thoughtful men of today look upon the situation with grave anxiety.

France today is spending a larger proportion of her revenue for military and naval preparation than before the outbreak of the World War. At the same time, France confesses her inability to pay her just debts contracted with the United States. Great Britain also is expending huge sums of money to maintain the supremacy of her navy. Even in the United States, we begin to see signs of military preparedness. China, Central America, the Balkans, etc., are regions where ample causes may be found for another world war.

As college men and women, let us seriously consider the situation at hand. Let us neither be swayed by blind, utopian pacifism nor by rabid, super-patriotic militarism. We cannot ignore the present unsettled state of international affairs, but we also must not forget the lessons of the war—that war necessarily means destruction, that two wrongs do not make a right, and that war cannot end war.

Tomorrow, the world celebrates the signing of the Armistice nine years ago. In our commemoration, let us pay a just and grateful tribute to those who sacrificed their lives for the sake of posterity. Let us also pray that such sacrifice may not be necessary in the future.

Traditions

A few days ago, an old graduate of the University chanced to enter Ka Leo office and began to lament over the fact that traditions at the University are constantly being violated. He particularly called our attention to the attempts that have been made to change the names of both dormitories.

For seven years, the dormitories have been known as Boiler Factory and Chicken Inn. Graduates, undergraduates, faculty, and friends of the University have always known them by these designations.

After all, "What's in a name?" Is a new euphonious name such a vital thing that it must replace a designation having seven years of history? The purpose of any appellation is to distinguish one thing from another. If a name has served this purpose, is there a necessity for a change?

DEBATERS TO BE REWARDED BY STUDENTS

(Continued from page 1)

continue in office until the May election of A.S.U.H. officers. This step was taken to fill the vacancy made by the resignation of Stowell Wright as editor of the University's weekly publication.

A note from the Librarian asking students to cooperate with those in charge, by preserving a reasonable amount of silence while studying in the library was read to the members present.

The latter part of the meeting was given over to song and yell practice under "Plunger" Moore and Moses Inaina. Announcements concerning the coming rally were made by J. Gerdes, chairman of the committee in charge of the rally.

Open Letter

To the Students of the University of Hawaii:

In last week's Ka Leo appeared an official letter from the Executive Committee regarding the recent trouble over the editorship of Ka Leo. While I appreciate the desire of that body to close the matter, I feel that the publishing of that letter was the surest way to reopen the issue, which was fast being forgotten. Because that letter misstated facts and created a wrong impression, I have the right, in self defense, to point out some of the more obvious fallacies contained in the Executive Committee's letter.

Reference was made to the joint meeting of the outgoing and incoming Executive Committee at which both Mr. Keyes and I were present, and it was stated that we were appointed and elected under the constitution "as it legally stood last year." That is right, but inasmuch as Mr. Lydgate was not at that time "one to decide upon the legality of the various articles of the constitution," I had to be satisfied with the opinion of Dan Ainoa, then student body president, and as I explained in my letter of resignation, he assured me that the matter of splitting the profits from Ka Leo which had been voted upon at an A.S.U.H. meeting previously would become legal with the approval of the minutes of that meeting at the next regular gathering of the A.S.U.H. Hence the Executive Committee's assertion that I "was given to understand" that there would be no change in the method of splitting profits is a gross misstatement of fact.

Before I recommended Mr. Keyes to last year's Executive Committee for their approval as business manager of Ka Leo, I talked the matter over with him in order to get his attitude regarding the splitting of profits which was at that time being discussed. He expressed himself as being in favor of a split in profits between the editors and business manager, but after I had recommended him to the Executive Committee and he had been appointed, his attitude on the subject underwent a marked change.

The Executive Committee further stated that I "approached" that body and "practically demanded payment for my services." That statement is absolutely untrue. After the demonstration at the first A.S.U.H. meeting this year I would not have "approached" the Executive Committee on a bet. My one idea was to resign and get clear of the whole business, and it was only because of personal regard for Mr. Baker that I consented to withhold my resignation and let him arrange a conference between Mr. Lydgate and myself. And Mr. Lydgate may remember that at that time and in the presence of Mr. Baker, I told him that I was sick of the whole matter, that the lack of confidence shown by the students and the obviously unfriendly attitude of the Executive Committee made it almost impossible for me to continue. I told him that I no longer wanted the editorship, and that if they wanted me to continue as editor they would have to provide something more definite than a promise of reward at the end of the year if the Executive Committee felt so inclined, and if I had not hurt any of their feelings or said anything editorially that displeased any of the members of said Committee.

That was, as I remember, on a Wednesday, and my resignation was already in the hands of the printers waiting word from me to be run in Ka Leo the next day. Mr. Lydgate asked me to withhold the resignation and said that he would call a meeting of the Executive Committee at once and see if they would guarantee me a salary of five dollars an issue. I did so. The proposal came from Mr. Lydgate himself, and was in no manner a "demand" on my part. I was getting so far behind in my school work and was so disgusted with things in general that I did not care what the Executive Committee did; in fact I was rather pleased when it turned down the suggestion of a salary for the editor and accepted my resignation.

I tried to play the game square with the students and the Executive Committee. I agreed to get out the next issue of the paper even though I had already resigned. After that, and the appointment of the new editors, the matter could very well have been considered closed. But the Executive Committee was not satisfied. Because it was being criticized for its attitude in the affair, it tried to "pass the buck," making me the "goat." In the letter of last week the Executive Committee signified its intention to give the true state of affairs regarding this matter, and it is because of its utter failure to do so that I am presenting to the students my side of the story.

Respectfully,
(Signed) J. S. WRIGHT.

He who was taught only by himself has had a fool for a master.

Psychology Prof.—Can you describe adolescent stage?
Student—No, sir. I never rode in one.

Lydgate Elected Manager; Dease To Captain Team

Championship Team Is Expected To Be Produced

The University Soccer club officially started its 1928 team on what is expected to be its most successful year when it elected officials for the coming season in a meeting held October 25.

Percy Lydgate was elected manager of the team, while Donald Dease was given the skipper's berth. The team is fortunate this year in having for coaches W. Dease, and U. P. Das. These men have had a great deal of experience in the game and are expected to turn out a championship team, with the cooperation of the fine material on hand.

NEW UNIFORMS

The uniform of the team is calculated to scare all opposition before the game begins; green and white striped jerseys, imported from England, white knee pants, rainbow stockings, and hard toed football shoes will be worn by representatives of the Soccer club in all matches.

As the Varsity squad is now using Cooke field for practice, the soccer team will not turn out in full force till about the first of December. The match schedule has not yet been arranged, but the first regular game is expected to be played shortly after the first of January. Scrimmage games will be held in the meanwhile to get the team in shape for the regular games.

GOOD MATERIALS

The men now turning out are E. Cushnie, U. P. Das, J. Black, D. Dease, M. Dease, J. St. Sure, C. Christopher, W. Kaeo, F. Paoa, "Potato" Ferreira, and J. Jensen. The foregoing were members of last year's team; the new men expected to make good this year are C. Judd, M. Whitman, F. St. Sure, S. Hebert, H. Bartels, W. Holt, W. Whittle, and A. Moore. Kaeo, Judd, Whitman, Hebert, Holt, and Whittle are members of the Varsity and are expected to be of much value to the team.

Last year the team made a name for itself by tying with the Rangers, Honolulu's most powerful team, and it expects to do even better this year. With the material on hand, this is not at all unlikely.

Cadets Will Parade Tomorrow At Eight

Tomorrow morning at 8 o'clock the University of Hawaii unit of the R. O.T.C. will assemble on Cooke Field fully equipped for the Armistice Day parade. Every cadet of the regiment whose rank is first sergeant or below will march with rifle and belt and all officers will wear their khaki coats and carry sabers.

Last year the cadets paraded downtown "without arms" but because there was much complaint from the cadets themselves after the parade about not marching with rifles, they will march with rifles this year.

The band under the command of Cadet Captain Ralph Cloward will furnish music and accompany the regiment on the march to Thomas square where all the cadets of other units of the R.O.T.C. will be assembled.

All along the way the companies will be in column of squads formation until Thomas Square; from there the regiment will march in column of companies.

Sponsors will join the regiment at Thomas Square.

After the parade is over the cadets will return to the University where they will be dismissed for the day.

Need Projector For Programme; Have You Got It?

A Cine-Kodak Projector, standard size, is the only thing lacking to complete the preparations for the Hawaii Quill entertainment which will be given at the Y. M. C. A. auditorium before long. Anyone who has, or knows where to get such a projector, is cordially asked to see Miss Floralyn Cadwell or Miss Marguerite Louis.

Among other features of the program, Miss Cadwell will give an illustrated talk on her travels abroad within the last year. Miss Gladys Li, assisted by her sisters, the Misses Goldie and Sylvia, will present a number of quaint Chinese dances. An admission charge is to be made to meet expenses.

Why is a cat like a comma?
The cat has claws at the end of its paws.
And a comma is a pause at the end of its clause.

Porteus, Jones Joint Authors

Book May Be Used As Text Next Year in Classes

"The Matrix of The Mind," a very unique book, has been written by Dr. Wood Jones and Professor D. Porteus. It is not an unusual combination—anatomist and a psychologist collaborating in such an undertaking.

Dr. Wood Jones deals with the brain and its development from the neural beginning up to man, with the nervous system from the unicellular amoeba to man.

Dr. Porteus' part of the book pertains to behavior.

The book contains 55 chapters and is written in essay style—more of a series of stories than a text book. The page proofs are out now and the book is expected to be published sometime in January.

It will be used as a text book next year.

Review in Honor of General Smith Is Highly Praised

Sponsors Presented To Battalions and Companies

Last Friday morning at the presentation of the sponsors and the review of the University of Hawaii unit of the R.O.T.C., Major General William R. Smith of the Hawaiian department commented upon the good appearance and manner of conduct of the cadets of the University. He said, "I am very much pleased with the appearance and manner of conduct you have shown this morning."

REVIEW BEFORE NOTABLES

The sponsors before being presented to their respective battalions and companies were awarded their pins. After that the regiment passed in review before Major General Smith; Acting Governor Raymond C. Brown, Lt. Colonel Adna G. Clarke, retired, Charles R. Hemenway, member of the Board of Regents and life time member of the A.S.U.H., First Lieutenant T. M. Livesay, professor in psychology and head of the educational department of the University; and Second Lieutenants Carl Farden, William Moragne, Merlyn Forbes, Jack Myatt, and J. Jensen. all one-time members of the University of Hawaii R.O.T.C.

GENERAL SMITH SPEAKS

Following the review the regiment came to a listening formation and General Smith addressed the cadets. He told briefly how the R.O.T.C. was created and the importance of the organization.

Sponsors of the regiment this year are: Miss Nina Bowman, regimental sponsor; Miss Violet McKenzie, First Battalion; Miss Alla Neely, Second Battalion; Miss Ann Moore, Third Battalion; and the sponsors of the companies are: the Misses Gladys Pearce, Moku Gittel, Gertrude Kadota, Katherine Philbrick, Imogene Benton, Helen Bartels, Melvia Shingle, and Gladys Bartlett.

Trip Around Oahu Planned By Y.M.C.A.

The University of Hawaii Y.M.C.A. is sponsoring a trip around the island of Oahu for Freshmen and members of college life groups on Friday, November 25, from 8 to 5 o'clock. This is the first outing of this nature that the U.H.Y.M.C.A. is conducting. All those who want to make the trip are asked to see Lowell Mell, Quan Lun Ching or Shiku Ogura. Only the first forty will have the chance to go.

Everyone is requested to bring lunch along with him. There will be many stops along the way to kill the monotony of the long ride; swimming, volleyball, or baseball games will be enjoyed.

During Drill Hour
First cadet private to another
"Say, you private, who do you think you are?"
"Private, and not a buck private—like you."

Now Tell Me Another

By Thad Coykendale

"Hope you-all don't fell hurt, this week."

Leebrick Receives Letter From Lemes

Albert Lemes, former University star athlete now matriculated in the dental college of the University of California, in a recent letter to Dr. Leebrick of the political science department writes that he is gradually adjusting himself to his surroundings, which he declares are a bit different from Hawaii. In his opinion, California has one of the best dental schools in the country. Lessons are hard and require much time in preparation, Lemes writes. In the class in Anatomy and Osteology, the ex-Dean says that he has to devote almost three fourths of his study hours.

The lack of real acquaintanceship between students and faculty members at the University of California was commented upon by Lemes, who expressed his opinion in the letter to Dr. Leebrick, that students at the University of Hawaii get to know their teachers better than anywhere else. The professors seemed "hard-boiled" at first, but later proved to be human enough. He also relates an incident occurring in one of his classes when a student fainted upon being called by his instructor to stand and recite. This was the first instance that Lemes had ever seen anyone fainting when asked by a professor to recite.

Regarding football in California the writer believes that his new Alma Mater has a team which is capable of taking the measure of its traditional rival, Stanford University. Lemes witnessed practically every important game on the Pacific coast with the exception of the Oregon-California contest.

Miss Nora Bush, a member of the office force at the University is ill. She was taken to the hospital last week, but the seriousness of her condition is not yet known. Her friends and acquaintances expect that Miss Bush will be able to resume her duties at the office in the near future.

Debate Tour May Be Undertaken By the Hawaii Union

Yoshida, Chun, Fong Initiated Into Club

Preliminary plans for a possible debate tour either to the mainland or to the Orient were discussed at the meeting of the Hawaii Union, Thursday evening, November 3, at Mr. Hemenway's Beach House at Kahala. A committee consisting of Q. L. Ching, Joe Gerdes, Walter Mihata and Dr. A. L. Andrews was appointed to further look into the proposal.

THREE MEN INITIATED

Three new members were initiated at the meeting. They were Shigeo Yoshida, Ah Leong Fong, and Ah Ho Chun, all of whom were members of the University debating teams which met the Oregon debaters. They all have been active in forensics both in high school and in the University.

DEBATES A SUCCESS

Walter Mihata, President of the Union, submitted a tentative report of the debates held with the University of Oregon. He said the debate venture was a success and that the Union would probably be richer by eighty dollars. The members of the Union also were asked to express freely their ideas of the debates. The members unanimously agreed that the Oregonians were good debaters; that they were fluent, at ease, and had good stage appearance.

HEMENWAY AND SMITH SPEAK

Mr. Charles Hemenway admitted that Hawaii Union undertook a creditable venture in sponsoring the debates. The business men in town are interested in University affairs and are willing to support student activities, he said.

Arthur G. Smith spoke to the members on the essentials of platform speaking. Every man who indulges in public speaking must have at least four basic elements; logic, brevity, spontaneity, and humor. He emphasized the fact that we must cultivate spontaneity and wit and also that we must never try to bring in humor which is insulting or which in any way hurts the feelings of our opponents.

Great Hopes Seen By Ford

(Continued from Page 1)

and strongly feels that there are great hopes for such an organization here. He declared that the University of Hawaii can be the fore-runner in urging kindred organizations of this kind all around the world. Hawaii, in his opinion, is the future of the world's commerce, the Melting Pot of the Pacific, the center of enlightening peace, and therefore it is very advantageous in hoping for success.

MAY SPONSOR CONFERENCE

Furthermore, he says, the Pan-Pacific Club of the University of Hawaii can establish a great name for itself and place Hawaii on the very map of the world by being the first to sponsor a Pan-Pacific Students' Conference in Hawaii in the near future.

OTHERS SPEAK

Among others present at the meeting who voiced their opinions in this regard were Mrs. Dora M. Lewis, Dean of Women, who believes that this club will accomplish many things because of its type of membership. Miss Floralyn Cadwell, instructor in English, declared that this organization is well worth the time and attention of the University of Hawaii.

NASH

Leads the World in Motor Car Value

Seven husky members of the Rainbow Varsity and a sturdy Nash Advanced Six Sedan. Some combination!

MERIT--

In both Team and Car.

That's the thing which counts in football or automobile. The University of Hawaii Varsity and the new Nash have both proven their MERIT. We join with Honolulu and congratulate them. It isn't often that we get winning combinations of this type in Hawaii.

Don't forget to see the Team and the Car.

Deans To Play Town Team

(Continued from page 1)

snappiest mainland stars, not to speak of the cream of Island football performers, men who know the game when played at its best.

Riddle is the best open field runner on the entire Town Team. He comes from U. S. C. where both Coaches Gloomy Gus Henderson and Howard Jones commended him highly. In the Townie-Navy and Townie-Blues games Riddle simply went wild, skirting the ends, sliding off tackle, and lunging the line with disastrous results to opponents.

TOWNIES OUTWEIGH DEANS

Probably the best known Townites, and ones who started against the University last year are Kaakua, Searle, and Borges who were responsible in a large way for the 1926 Town Team 14-7 victory. This trio of backfield flashes, with Riddle, will bear the brunt of the Maroon attack in the U. H.-Town Team game, and how those men can hit!

With Wright and Cummings at ends, Clarke and Kam at tackles, McRae and Spencer or Black at guards, and Louis Davidson at Center, Cassidy's charges loom as an almost impregnable team, with a line big and strong enough to protect an exceedingly smart, husky, and fast backfield. The University line will simply have to get in and charge their heavier opponents off their feet. And fight alone can do this.

Whether the Green and White Machine wins or not makes a great difference, for the team's standing must be high to permit any recognition of the University of Hawaii in national football circles. With a game on the Coast in another two weeks, this factor is all-important.

At its next meeting, the club will adopt its constitution, decide on its name and membership, and carry on such preliminaries as will prepare it for work at once.

Cadet Promotions Are Announced

Many Freshmen taking up their first year's training at this University who have had experience in the R.O.T.C. while attending the secondary schools, have been promoted to higher standing in the University of Hawaii unit of the R.O.T.C. The following promotions have been announced by the Military Department of the University:

To be cadet sergeants: Cadet Corporal James M. Buey, and Cadet Paul Puua.

To be cadet corporals: Cadets Kaichi Awaya, Jack E. Wakayama, Carl Siebert, David Wong, Kenneth C. Ault, William S. Tsuji, Kenneth J. Pratt, Jacob Park, Clement Judd, Clarence Crabbe, Horman J. Johnson, H. I. Kobayashi, and Francis T. O. Yap.

To be cadet first class: Cadets A. G. Hansen, Kazuma Hamamura, Harry B. Linn, Donald Philpot, Charles W. Kenn, Frederick L. Browne, T. Suzuki, Raymond K. Uyeno, Benjamin A. Lee, and Wallace H. Otaguro.

Pick Kinnear As Club President

Gerald Kinnear, treasurer of the University of Hawaii, was elected President of the Representatives Club at the annual banquet of that organization held at the Young Hotel on Friday evening, October 28. Mr. Kinnear succeeds Harold Kay.

The Representatives Club is a three year old luncheon organization. It meets every Friday noon at the Young Hotel. Edward Bryan instructor of entomology at the University, was chosen as librarian in the same organization.

The University of Hawaii in national football circles. With a game on the Coast in another two weeks, this factor is all-important.

Big Pep Rally For Tonight

(Continued from Page 1)

versity Peerless Quartette, composed of the Messrs. Inaina, Paoo, Kapuu, and Kamai. Merlyn Forbes, Hawaii graduate and professor, will give a talk on one of the things that play a big part in life, sportmanship. An impromptu orchestra which we know will be good, will then give some hot music. A stunt will be pulled off by Hui Lokahi; they won't give out any advance information about it, but, knowing the outfit as we do, we can safely predict that it will be a wow.

Joe Gerdes is endeavoring to engage the services for the evening of McQueen and Ryan, Black face comedians par excellence. Bring an extra flour sack with you to the rally, you will need it to wipe away the tears of laughter. A hankerchief stunt will be practiced in connection with a new song composed by Moses Inaina. At a certain part in the song everyone will rise and wave a special piece of cloth. These colors will be supplied at the game, but a certain amount of practice is necessary beforehand. The effect striven for is the Deans' rainbow.

The rally is going to be one of the deciding factors of the game tomorrow, and it is up to everyone who has the average amount of college spirit to show up, not only at the game, tomorrow, but also the rally tonight. And yell! Yell your heads off! You can't get out on the field and make a touchdown, but you can help someone else do it, and win the game too, by showing that you are backing the team to the last breath in your lungs!

Football Let's Go!

Cheer the team on to victory!

S. W. King Writes Letter of Thanks

S. W. King, chairman of the Navy Day Committee, wrote to President Crawford extending his appreciation to the University for the cooperation given in the observance of Navy Day. The letter from Mr. King is as follows:

Honolulu, T. H.

October 27, 1927

Mr. D. L. Crawford, President
University of Hawaii,
Honolulu, T. H.

Dear Sir:

As the chairman of the Navy Day Committee I wish to express my very hearty thanks for the cooperation of the University of Hawaii in making the observance of Navy Day a success.

May I ask you to please transmit the appreciation of myself and of the Commandant and officers of the Navy stationed in Hawaii, to the University of Hawaii for their friendly interest and assistance.

Very sincerely yours,

S. W. KING

By FRED STOCKS

The sun set on a sinking Navy last Wednesday, but we, in all fairness must give the Navy credit for the fight the team put up; not a sign of quitting till the final gun, a Navy habit ever since we had a Navy.

It has always been a treat to witness a game in which the Army or Navy is playing. The side lines furnish as much amusement as the game itself. The Navy cheering section, unorganized as it was, compared favorably with the University section, except when one of the Rainbow lads would gallop across the line for a touchdown.

It was a typical summer Wednesday afternoon, in fact, so much so, that some of our prettiest co-eds, fearing to ruin their complexions, vacated the University bleachers and sat with the Navy. Of course, loyalty to our Navy is a thing we advocate wholeheartedly on occasions when it does not conflict with the same feeling towards the Varsity, but we hope the damsels concerned will not feel any such sentiment toward the Town Team on November 11.

The score up to the end of the first half was a source of anxiety to "Proc." time and again he was observed by the bleachers to let the White Owl he was smoking go out. It was not till the last quarter that he pulled out his Chesterfields, and with a sigh of relief we realized that the game was won.

Some of the newer players on the team are cinching up on their chance to take the trip to the coast on November 12, but to save ourselves the ignominy of getting the hee-haw if we pick losers, we are keeping our opinions to ourselves. Nevertheless, when Otto makes out his passenger list, we expect to find our choices on the roll.

The Town Team should feel no elation over the difference in scores rolled up on the Navy; if the Townies had played the team the Varsity played on Wednesday, it would be a considerably less confident outfit meeting out on the field to meet the Varsity tomorrow.

Personally, we think that the Navy game could not have turned out any better if the Varsity score had exceeded the one made by the Town team. The Varsity is up against a strong outfit on Armistice day, and the more preparation the boys put in before the game, the bigger the score will be. This game will be the last the Rainbow Warriors will have before they leave for the coast, and it will be the toughest.

As age of olden times
asked:
"Who cares
for the misery
of old men?"

Life insurance rates are low while you are still young. Life insurance will take care of you when you no longer have the strength of youth.
